## Request to Visitors

Very large numbers of visitors were seen flocking to Shonan seaside areas for the last two weekends during the time a state of emergency is being declared nationwide; this has caused anxiety among the local residents.

The most important preventive measure against the spread of the novel coronavirus infection is to lessen the chance of contact with other people. We consider that it is not an appropriate time for sightseeing as it is requested to refrain from going out for non-essential reasons. We sincerely hope that anyone who is planning to visit Enoshima and Fujisawa to understand the significance of this measure. For the time being, please hold back from visiting the area for sightseeing.

We are at the most crucial moment to prevent the spread of the novel coronavirus infection. Please visit the area for sightseeing when the novel coronavirus epidemic is stamped out. We will welcome and extend our best hospitality to the visitors then.

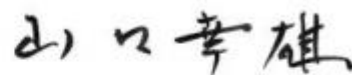

We appreciate the understanding and patience of the visitors.

SUZUKI Tsuneo

Mayor of Fujisawa

YAMAGUCHI Yukio

President of Fujisawa City Tourist Association

MASUDA Takayuki

President of Fujisawa Chamber of Commerce  
and Industry

SAITO Mitsuhsa

Chief Director of Fujisawa Merchants Association
